

Leakless®

(India) Engineering

AN ISO 9001 : 2015 CERTIFIED CO.

SINCE
1980

MANUFACTURER OF MULTI STAGE PUMP

NSIC
CERTIFIED CO.

Decide With Confidence
D-U-N-S : 91-674-1523

AN ISO 9001 : 2015

SME Rating Agency of India Ltd.

सूक्ष्म, लघु एवं मध्यम उद्यम
MICRO, SMALL & MEDIUM ENTERPRISES

Established by a team of young professionals, we have a reputation in the market for manufacturing a wide range of qualitative Industrial Pumps. We are equipped with sophisticated machinery that enable us to deliver high performance based pumps that successfully meet the application requirements at client's end. Our team of analysts are engaged in constant research work to ensure our pumps meeting the needs of complex industrial operations. Leakless (India) Engineering, and ISO 9001:2015 Certified Company, ever since its establishment in 1980, has been considered as a leading manufacturer, supplier and exporter of Chemical Process Pumps.

OUR

We possess a team of experienced, knowledgeable and skilled professionals for manning the various aspects involved in our production operations. Their extensive industry experience and strong hold over the involved processes allow us to deliver pumps both in standard and customized finishes as per the requirements of our clients.

MANUFACTURING UNIT

Our manufacturing unit is well equipped with modern, sophisticated and advanced technology machinery that enable us to deliver durable and high quality pumps. The effective use of modern technologies, high domain expertise in our production procedures and use of machines that comply with international standards help us to deliver high performance oriented pumps.

TESTING AND INSPECTION

We have in-house test bed at factory for running performance of each and every assembled pump. Every pump is tested with hydraulic pressure for mechanical seal, volute casing and casing cover. Running performance with suitable motor for discharge head, flow, power consumption, RPM, Vibration, Noise level and temperature of bearing housing and leakage of mechanical seal. Physical and Chemical Test Certificate of all kind of material by reputed laboratories.

FACILITIES

INDUSTRIES WE SERVE :

- ◆ CHEMICALS
- ◆ PETROCHEMICALS
- ◆ FERTILIZER PLANT
- ◆ DAIRY PLANT
- ◆ CAUSTIC PLANT
- ◆ STEEL INDUSTRIES
- ◆ DRUGS AND PHARMACEUTICALS
- ◆ PAPER AND PULP INDUSTRIES
- ◆ THERMAL AND ATOMIC POWER

- ◆ REFINERIES
- ◆ HEAT EXCHANGER
- ◆ EJECTOR SYSTEMS
- ◆ EFFLUENT TREATMENT PLANT
- ◆ SCRUBBER UNITS
- ◆ COOLING TOWER
- ◆ TEXTILE PLANT
- ◆ SUGAR PLANT
- ◆ FOOD PROCESSING

- ◆ COLD STORAGE
- ◆ AIR CONDITIONING
- ◆ WATER TREATMENT PLANT
- ◆ DYES AND PIGMENT PLANT
- ◆ SOLVENT PLANTS
- ◆ TRANSFER, LOADING AND UNLOADING
- ◆ PROCESSING OF LIQUIDS
- ◆ ELECTROPLATING PLANT
- ◆ CHILLING PLANT

MULTI STAGE SELF PRIMING PUMP (LMSP SERIES)

Pump is designed horizontal, self-priming without foot valve & priming chambers for negative suction up to 6 meters. Not Necessary for priming of pumps. suction and discharge flanges are vertical mounted as per ANSI-150 LB Standard. Low speed pump for long life of bearing and mechanical seals for years and years. Low speed pump, so low noise and no vibration.

APPLICATIONS :

- **SUCKING OF CHEMICALS FROM BARRELS**
- **SUCKING OF CHEMICALS FROM UNDERGROUND TANKS**
- **SOLVENTS LOADING / UNLOADING**
- **OIL TRANSFER**
- **BOILERS**
- **HEAT EXCHANGER**
- **VACUUM SYSTEM**
- **VARIOUS MARINE APPLICATION**
- **EJECTOR SYSTEM**

OPERATING RANGE :

Capacity	Up to 1500 L.P.M
Head	Up to 150 Meters.
Speed	1450 to 1750 RPM
Suction Lift	Up to 6 Meters.
Temp	Up to 100 Deg C

MATERIAL OF CONSTRUCTION:

- | | | |
|--------------------|------------------------------|----------------------|
| ➤ S.S 316 (CF8M) | ➤ CD4MCU | ➤ NI-HARD |
| ➤ S.S 304 (Cf8) | ➤ HASTELLOY B (N12MV) | ➤ HARD METAL CASTING |
| ➤ S.S 316L (CF3M) | ➤ HASTELLOY C (CW12MW) | ➤ PHOSPHORUS BRONZE |
| ➤ CAST IRON | ➤ ALLOY 20 (CN7M) | ➤ GUN METAL |
| ➤ CAST STEEL (WCB) | ➤ DUPLEX SS (GRADE 4A,5A,6A) | ➤ TITANIUM |

ABOUT US:

Established by a team of young professionals, we have a reputation in the market for manufacturing a wide range of qualitative Industrial pumps. We are equipped with sophisticated machinery that enable us to deliver high performance based pumps that successfully meet the application requirements at client's end. Our team of analysts are engaged in constant research work to ensure our pumps meeting the needs of complex industrial operations. Leakless (India) Engineering, an ISO 9001:2008 Certified Company, ever since its establishment in 1980, has been considered as a leading manufacturer, supplier and exporter of Chemical Process Pumps.

MANUFACTURING UNIT

Our manufacturing unit is well equipped with modern, sophisticated and advanced technology machinery that enable us to deliver durable and high quality pumps. The effective use of modern technologies, high domain expertise in our production procedures and use of machines that comply with international standards help us to deliver high performance oriented pumps.

TECHNICAL SUPPORT

Technical support We have a skilled team of personnel who support for all the issues you face in factories and existing production processes.

WIDE NETWORK

Our products have a global acceptance and we have extended our network worldwide with the assistance of our distributors.

YOUR REQUIREMENT

We provide Pumping & Mechanical seals solutions to cater to a wide range of industries. Your requirement and our right approach helps us deliver the right quality product.

OUR APPROACH

We have highly sophisticated machinery with domain expertise staff and latest technology facilities which helps us deliver quality pumps just as per your requirement.

WE ASSURE YOU:

Quality & Durable products.
Advanced technology for production.
Timely Delivery.
Prompt after sales services.
High levels of Customer satisfaction
